# RICHARD RUDENKO

*Backend Developer*

## PROFESSIONAL SUMMARY

---

Backend developer with experience in building scalable and high-performance server-side applications using **PHP and Symfony**. Specializing in backend architecture design, **REST API development**, and database integration with **MySQL and ORM**. Proficient in modern PHP practices and Symfony components, as well as utilizing **Docker and Composer** to create reliable and maintainable systems.

## EMPLOYMENT HISTORY

---

### BACKEND DEVELOPER *Cumas365*

**Dec 2023 - Present**  
*Munich, Germany*

- ♦ Developed and maintained backend systems using **Symfony**. Integrated **MySQL** and **Doctrine ORM** to manage databases and optimize data handling in complex projects.
- ♦ Utilized modern technologies such as **Docker**, **Composer**, and **Webpack** to streamline development and deployment processes.
- ♦ Designed and implemented robust RESTful APIs to support frontend and third-party integrations.

### FREELANCE DEVELOPER

**Oct 2023 - Present**

- ♦ Led the development of backend systems for a variety of clients, focusing on building efficient solutions with **PHP** and **Symfony**.
- ♦ Collaborated with teams to solve complex backend challenges and enhance existing projects with new features.
- ♦ Improved the architecture and performance of existing systems, integrating new **APIs** and database optimizations.
- ♦ Worked with **AJAX** and **JSON** to facilitate smooth communication between backend and frontend systems.

## EDUCATION

---

### MASTER'S DEGREE *University of Economics*

**Oct 2022 - Feb 2025**  
*Ukraine*

## SKILLS

---

Symfony, PHP, Docker, Doctrine ORM, Composer, Twig, MySQL, PostgreSQL, PHPUnit, REST API, Swagger UI, React, JavaScript, TypeScript, Vue.js, Webpack, MakeScripting, Git, JSON, FOS/RestBundle, Bootstrap, HTML5, SCSS, CSS3.

## LANGUAGES

---

English (*Highly proficient*), Polish (*Highly proficient*), Ukrainian (*Native*), Russian (*Native*).
