Dear Ms Gerber,

We hereby inform you that your registration request has been accepted by the Commission services and that you have been appointed as the Tron's Users Delegated Manager (TUDM) for this case on behalf of Gerber Steel GmbH.

As you may be aware Tron.tdi includes 3 functionalities: Web Consultation, Web Notification and Web Submission. As TUDM you have automatically these 3 rights.

Your TUDM role is to manage the list of contact persons (and their access rights) for this case. Any additional user will have access to Web Consultation and Web Submission. You may grant Web Notification access to each individual user if you wish.

There is for the moment no other contact than the TUDM having access to this case. For business continuity purposes we strongly advise you to add at least one other contact with access to the three functionalities.

Please note that there can be only one TUDM per party/case. The TUDM role can be transferred to another contact person.

Click [here](#) for more information on the TUDM's responsibilities, on adding or deleting a contact person and on transferring the TUDM's role to another contact person.

If you have any technical problems, please contact the Trade Service Desk on TRADE-SERVICE-DESK@ec.europa.eu or telephone +32 2 297 97 97 during normal Brussels working hours.

Best regards,
The case team.
