TRON.tdi is an electronic platform serving as a single contact point for electronic communication between interested parties in Trade Defence proceedings and the European Commission, Directorate-General of Trade.

TRON.tdi proposes four main functionalities:

- Web registration: registration to a case as an interested party;
- Web consultation: remote consultation of the file open for consultation by interested parties;
- Web notification: communication from the Commission to interested parties of documents (open and sensitive) pertaining to a proceeding;
- Web submission: submission of documents (open and sensitive) by interested parties in a proceeding (file upload and online forms modules).

You can sign in with your EU Login account.

If you do not have an EU Login account, please follow the instructions.
