Subject: Results of the selection procedure for members of the Informal Expert Group on the carbon border adjustment mechanism (CBAM)

Dear applicant,

I would like to thank you for the application of your organisation in response to the public call ⁽¹⁾ for the selection of members of the informal expert group on the carbon border adjustment mechanism (CBAM).

The responsible Commission services have carefully assessed your application in accordance with the procedure and selection criteria laid down in chapters 4 and 5 of the call.

In light of the results of this assessment, I regret to inform you that your organisation has not been selected as a member of the informal expert group on the CBAM as it is not considered an eligible organisation defined in the chapters 2.1 and 4 of the public call.

In most cases, the internal selection committee of the Commission has concluded on the rejection of applications because of one or several reasons laid out below:

- The organisation is not an association that represents producers of goods in the industries under the scope of the CBAM or the ETS;
- The organisation is an association that represents producers, but it is not a European association and/or does not represent European producers.

If you require further information about the results or the selection process, you may contact us at the following e-mail: TAXUD-CBAM-EXPERT-GROUPS@ec.europa.eu.

We thank you for the interest that you have shown to participate in the work of the informal expert group on the carbon border adjustment mechanism (CBAM).
